ABOUT US

Founded in **Canada** and established in India in 2017, **Canasia** Agro India Private Limited is the retail-focused subsidiary of Sarvava Agritech, created to deliver world-class agri-input solutions to farmers and channel partners across India and global markets.

Built on a strong B2B legacy, **Canasia** offers a comprehensive portfolio of agrochemical formulations, biological solutions, and specialty crop nutrition products. With advanced manufacturing facilities at Anand and Ankaleshwar, Gujarat, the company combines innovation, quality, and reliability to meet the evolving needs of modern agriculture.

Serving customers across North America, Europe, Africa, Asia, and India, **Canasia** adheres to stringent ISO 9001:2015 quality standards, ensuring that every product meets international benchmarks for performance, consistency, and excellence.

CROP PROTECTION

RAPID SHIELD SERIES

Full spectrum insecticides, fungicides, and herbicides with Rapid Shield Technology for faster knockdown, longer residual, and superior rain-fastness.

» **Rapid Shield Absorption**

Fast leaf penetration for quick protection.

» **Advanced Spreading & Retention**

Uniform coverage across leaf surface.

» **Dual Action Protection**

Translaminar + systemic movement.

» **All-Weather Stability**

Effective in rain and temperature stress.

» **Smart Droplet Adhesion**

Prevents wash-off during irrigation/rain.

» **Multi-Mode Action Chemistry**

Reduces resistance, improves effectiveness.

» **Tank Mix Compatibility**

Compatible with most agrochemicals.

» **Yield Protection Index**

Protects up to 90-95% crop yield

» **Long Duration Protection System**

Provides extended protection, reduces spray frequency.

» **Crop Safety Formulation**

High pest control with low crop stress.

Canasia
Agro India Private Limited

Insecticides

Cancora

(Chlorantraniliprole 18.5% SC)

Advanced insecticide for effective control of caterpillars and borer pests. Provides long-lasting protection, excellent crop safety, and improved crop yield.

Dosage:

60–80 ml/acre

Available SKUs:

60 ml | 150 ml | 300 ml.

Avast Plus

(Profenofos 40% + Cypermethrin 4% EC)

Dual-action insecticide for fast and effective control of sucking and chewing pests. Provides quick knockdown, longer protection, and improved crop protection.

Dosage:

400–600 ml/acre

Available SKUs:

250 ml | 500 ml | 1000 ml.

A Canadian Flagship Company

Numéro de la société : 1038007-5

AN ISO 9001 : 2015 CERTIFIED COMPANY

Insecticides

Canasia
Agro India Private Limited

CANGO

**(Chlorantraniliprole 9.3% +
Lambda-cyhalothrin 4.6% ZC)**

Dual-action insecticide for effective control of borers and caterpillars.

Provides quick knockdown, long-lasting protection, and improved crop health.

Dosage:

80–100 ml/acre

Available SKUs:

80 ml | 200 ml | 500 ml.

ADON

(Emamectin Benzoate 1.9% EC)

Powerful insecticide for effective control of caterpillars and larval pests.

Ensures better crop protection and yield.

Dosage:

220–400 ml/acre

Available SKUs:

250 ml | 500 ml | 1000 ml.

A Canadian Flagship Company

Numéro de la société : 1038007-5

AN ISO 9001 : 2015 CERTIFIED COMPANY

Insecticides

CAN-ALIKA

(Thiamethoxam 12.6% +
Lambda-cyhalothrin 9.5% ZC)

Dual-action insecticide with systemic and contact action for effective control of sucking and chewing pests. Provides rapid knockdown, long-lasting protection, and healthier crop growth.

Dosage:
80–100 ml/acre

Available SKUs:
80 ml | 200 ml | 500 ml | 1000 ml.

CANFEN

(Tolfenpyrad 15% EC)

Advanced insecticide with contact action for effective control of thrips, mites, whiteflies, and other sucking pests. Provides quick knockdown, longer protection, and improved crop health

Dosage:
300–400 ml/acre

Available SKUs:
250 ml | 500 ml | 1000 ml.

A Canadian Flagship Company

Numéro de la société : 1038007-5

AN ISO 9001 : 2015 CERTIFIED COMPANY

Insecticides

Canasia
Agro India Private Limited

CANCENTA

(Fipronil 40% + Imidacloprid 40% WG)

Broad-spectrum insecticide for effective control of sucking pests and termites. Provides systemic and contact action for long-lasting crop protection and improved plant health.

Dosage:

40–50 g/acre

Available SKUs:

40 g | 100 g | 250 g.

BAHAAR

(Emamectin Benzoate 5% SG)

Advanced insecticide with powerful larvicidal action for effective control of caterpillars and borers. Provides long-lasting protection, excellent crop safety, and improved yield potential.

Dosage:

80–100 g/acre

Available SKUs:

100 g | 250 g | 500 g | 1000 g.

A Canadian Flagship Company

Numéro de la société : 1038007-5

AN ISO 9001 : 2015 CERTIFIED COMPANY

Insecticides

Canasia

DRONE-007 **(LarvaKill)**

Advanced Japanese Technology-based biological solution for effective management of caterpillars and larval pests. Provides eco-friendly crop protection, supports healthy plant growth, and helps improve yield quality.

Dosage:
0.75 ml/litre

Available SKUs:
50 ml | 100 ml | 250 ml | 500 ml.

Empowering the Hands That Feed the World.

Canasia is committed to delivering high-quality agricultural solutions designed for real farm conditions. We combine scientific expertise with practical insights to create products that offer consistent performance and visible results.

Built on trust and reliability, we aim to support farmers in achieving better productivity and long-term success.

AN ISO 9001 : 2015 CERTIFIED COMPANY

Fungicides

Canasia
Agro India Private Limited

PROXY

(Propiconazole 25% EC)

Systemic fungicide with preventive and curative action against rust, powdery mildew, leaf spot, and other fungal diseases. Provides long-lasting protection, healthier crops, and improved yield quality.

Dosage:
200 ml/acre

Available SKUs:
100 ml | 250 ml | 500 ml.

NEBULA

(Azoxystrobin 12.5% +
Tebuconazole 12.5% SC)

Broad-spectrum systemic fungicide with preventive, curative, and protective action against major fungal diseases. Promotes healthier crops, improved disease control, and higher yield potential.

Dosage:
250–300 ml/acre

Available SKUs:
250 ml | 500 ml | 1000 ml.

A Canadian Flagship Company

Numéro de la société : 1038007-5

AN ISO 9001 : 2015 CERTIFIED COMPANY

Fungicides

Canasia
Agro India Private Limited

MENDATE SUPER **(Metalaxyl 35% WS)**

Premium systemic seed treatment fungicide that protects seeds and young seedlings from seed- and soil-borne diseases. Ensures healthy germination, vigorous early growth, and better crop establishment.

Dosage:
100-150 g/acre

Available SKUs:
100 g | 250 g | 500 g.

ARMOR **(Carbendazim 12% + Mancozeb 63% WP)**

Broad-spectrum fungicide with preventive and curative action against leaf spot, blight, anthracnose, and other fungal diseases. Provides strong disease protection, healthier crops, and improved yield quality.

Dosage:
400-600 g/acre

Available SKUs:
250 g | 500 g | 1000 g.

A Canadian Flagship Company
Numéro de la société : 1038007-5

AN ISO 9001 : 2015 CERTIFIED COMPANY

Fungicides

Canasia
Agro India Private Limited

CAN-ZATE

(Cymoxanil 8% + Mancozeb 64% WP)

Protective and curative fungicide for effective management of downy mildew, late blight, and other fungal diseases. Provides rapid disease control, healthy crop growth, and improved yield potential.

Dosage:
600–800 g/acre

Available SKUs:
600 g | 1200 g.

CAN-MOYASHI

(Thiophanate Methyl 70% WP)

Broad-spectrum systemic fungicide with preventive and curative action against a wide range of fungal diseases. Ensures healthy crop growth, improved plant vigor, and higher yield potential.

Dosage:
250–300 g/acre

Available SKUs:
250 g | 500 g | 1000 g.

A Canadian Flagship Company

Numéro de la société : 1038007-5

AN ISO 9001 : 2015 CERTIFIED COMPANY

Herbicides

Canasia
Agro India Private Limited

GLOSSY (Glyphosate 41% SL)

Systemic non-selective herbicide for effective control of annual and perennial weeds. Rapidly absorbed and translocated throughout the plant for complete root-to-shoot weed control.

Dosage:
1000–1500 ml/acre

Available SKUs:
500 ml | 1000 ml | 5000 ml.

CANPOWER (Glufosinate Ammonium 13.5% W/W SL)

Broad-spectrum contact herbicide for fast and effective control of a wide range of weeds. Delivers rapid burn-down action and helps maintain clean fields for improved crop performance.

Dosage:
1000–1500 ml/acre

Available SKUs:
500 ml | 1000 ml | 5000 ml.

A Canadian Flagship Company

Numéro de la société : 1038007-5

AN ISO 9001 : 2015 CERTIFIED COMPANY

Herbicides

Canasia
Agro India Private Limited

CANSUPER (Quizalofop Ethyl 5% EC)

Selective post-emergence herbicide for effective control of grassy weeds in broadleaf crops. Rapidly absorbed by weeds, providing thorough control from leaves to roots.

Dosage:
400–600 ml/acre

Available SKUs:
100 ml | 250 ml | 500 ml | 1000 ml.

CAN 10 (Quizalofop Ethyl 10% EC)

Advanced post-emergence herbicide for effective control of annual and perennial grassy weeds in broadleaf crops. Provides rapid absorption and translocation for complete weed control.

Dosage:
200–300 ml/acre

Available SKUs:
250 ml | 500 ml | 1000 ml.

A Canadian Flagship Company
Numéro de la société : 1038007-5

AN ISO 9001 : 2015 CERTIFIED COMPANY

Herbicides

Canasia

Agro India Private Limited

GLOSSY 71

**(Ammonium Salt of
Glyphosate 71% SG)**

Non-selective systemic herbicide for effective control of annual and perennial weeds. Rapidly absorbed and translocated through out the plant for complete root-to-shoot weed control.

Dosage:
400–600 g/acre

Available SKUs:
100 g | 500 g.

OXIZEN

(Oxyfluorfen 23.5% EC)

Selective pre- and early post-emergence herbicide for effective control of broadleaf and grassy weeds. Provides long-lasting weed suppression and helps maintain a clean crop environment.

Dosage:
200–400 ml/acre

Available SKUs:
100 ml | 250 ml | 500 ml | 1000 ml.

A Canadian Flagship Company

Numéro de la société : 1038007-5

AN ISO 9001 : 2015 CERTIFIED COMPANY

Herbicides

Canasia
Agro India Private Limited

TOPRAMAX

(Topramezone 33.6% SC)

Premium post-emergence herbicide for broad-spectrum control of grassy and broadleaf weeds in maize. Provides rapid weed control with excellent crop safety and long-lasting effectiveness.

Dosage:
15–20 ml/acre

Available SKUs:
15 ml | 30 ml.

CAN-TARA

(Atrazine 50% WP)

Selective pre- and early post-emergence herbicide for effective control of broadleaf weeds and grasses in maize and sugarcane. Provides long-lasting weed control and helps maintain a clean crop environment.

Dosage:
500-1000 g/acre

Available SKUs:
250 g | 500 g | 1000 g.

A Canadian Flagship Company

Numéro de la société : 1038007-5

AN ISO 9001 : 2015 CERTIFIED COMPANY

Herbicides

Canasia
Agro India Private Limited

CAN-GOLD **(Bispyribac Sodium 10% SC)**

Selective post-emergence herbicide for effective control of grassy, sedge, and broadleaf weeds in transplanted rice. Provides long-lasting weed control, healthier crop growth, and improved yield potential.

Dosage:
80–120 ml/acre

Available SKUs:
100 ml | 250 ml | 500 ml | 1000 ml.

CANPRIT **(Pretilachlor 50% EC)**

Selective pre-emergence herbicide for effective control of grasses, sedges, and broadleaf weeds in transplanted rice. Ensures clean fields, healthy crop establishment, and improved yield potential.

Dosage:
500–600 ml/acre

Available SKUs:
250 ml | 500 ml | 1000 ml.

A Canadian Flagship Company
Numéro de la société : 1038007-5

AN ISO 9001 : 2015 CERTIFIED COMPANY

CAN-ZINC
(Zinc Oxide 39.5%)

Highly concentrated zinc nutrient for correction of zinc deficiency. Promotes vigorous growth, improved chlorophyll formation, better flowering, and enhanced crop yield and quality.

Dosage:
2–3 ml/litre

Available SKUs:
250 ml | 500 ml | 1000 ml.

STIMULATOR
(Gibberellic Acid 0.001% L)

Plant growth regulator that promotes cell elongation, flowering, fruit setting, and uniform crop development for higher yield and better quality.

Dosage:
2–3 ml/litre

Available SKUs:
250 ml | 500 ml | 1000 ml

CANOLI
(Paclobutrazol 40% SC)

Plant growth regulator that controls excessive vegetative growth and promotes flowering, fruiting, and better crop productivity.

Dosage:
2–5 ml/tree
(crop-specific recommendation)

Available SKUs:
50 ml | 100 ml | 250 ml

PGR

Canasia
Agro India Private Limited

ODOO **(BPH Controller)**

Advanced biological solution for effective management of Brown Planthopper (BPH) in paddy. Helps reduce hopper infestation, protects crop vigor, and supports healthy plant growth.

Dosage:
2–3 ml/litre

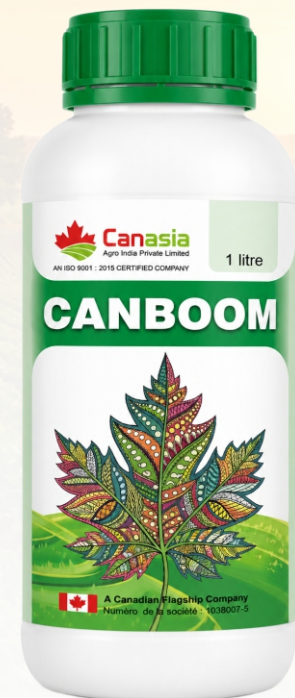

Available SKUs:
250 ml | 500 ml | 1000 ml.

CANBOOM **(Amino Acid)**

Premium bio-stimulant enriched with amino acids that promotes vigorous plant growth, enhances nutrient uptake, improves stress tolerance, and supports higher yield and better crop quality.

Dosage:
2–3 ml/litre

Available SKUs:
250 ml | 500 ml | 1000 ml.
